CHANGE OF MISSION
THE OFFICIAL NEWSLETTER FOR SOLDIERS WITH 17 OR MORE YEARS OF SERVICE

OCT - DEC 2020

1,000,000!
An Army force multiplier
By Mark E. Overberg, Director Army Retirement Services

In October, the United States Army exceeded one million Retired Soldiers for the first time! That's as many Retired Soldiers as there are Soldiers serving on active duty, in the Army National Guard, and in the Army Reserve – combined. Retired Soldiers are an Army force multiplier.

In 2012, Gen. Raymond T. Odierno, the Army Chief of Staff, created the Soldier for Life (SFL) program to instill a new mindset which proclaims that service to the nation continues after uniformed service ends. In 2015, the Director of Army Retirement Services, retired Col. John W. Radke, coined the Retired Soldier mission statement during a conversation with Army Chief of Staff Gen. James C. McConville, then the Army G-1.

The intent of Hire & Inspire is that your mission will change when you retire. No longer will you train and deploy to fight and win our nation's wars. But you will still have a duty to the nation. And the Army will still need you. So let's break down the mission statement.

Hire: We want you to mentor veterans where you retire and help them get jobs. This helps veterans and their families, so they are more likely to become our ambassadors as Soldiers for Life. But this also helps the Army. The money spent on veterans' unemployment compensation can instead be spent on training and equipping today's Soldiers.

Inspire: We want you to inspire Americans in three ways. But to do this when you're retired, Americans must see you as a Retired Soldier – out of your uniform. Wear the U.S. Army Retired Lapel Button and put the Soldier for Life window sticker on your car. These are conversation starters. You inspire Americans just by telling your Army stories. Stories that need to be told. Your stories make Soldiers real to Americans. Tell them what being a Soldier means to you. Tell them about the sacrifices you and your family made. Dispel their negative stereotypes about veterans. Your stories help Americans understand why we need an Army, trained and ready to defend their freedoms. We need Americans to understand the Army. Their support will ensure the Army remains a formidable foe for our adversaries and a critical partner for our allies. By continuing to set an example in your daily life, you influence Americans to see military service as a viable career for their children.

Still Serving: There are many ways you can still serve the Army. The Army's largest demographic should not be its most underutilized asset. Continue to serve. Be a Soldier for Life.

Continue to Serve, as a Soldier for Life

Recruiting – Help recruiters influence the people who influence young Americans to join the military, such as parents, teachers, guidance counselors, and coaches.

Retiree Councils – Advise installation commanders about the concerns of the retired community and be liaisons with the local civilian community.

180-Day Restriction on Hiring Retired Military

How does the 180-Day Restriction on Hiring Retired Military Impact Me?

- The Department of Defense (DoD) has restrictions on hiring military members for DoD Federal civilian positions within 180 days of retirement. This includes and impacts military members on transition leave.
- Military retirees may not be appointed within 180 days after the effective date of military retirement as an appropriated fund (GS), or non-appropriated fund (NAF) civilian employee unless the position is covered by a special salary.
- The 180-day restriction is in place unless the hiring official requests and receives an approved waiver.

Calculate Your Retired Pay in 3 Steps

Step 1: Determine your DIEMS date (Date of Initial Entry into Military Service). **This is the date of your initial service contract. This date does not change regardless of breaks in service or changes in duty status.

Step 2: Determine which pay plan you are eligible for based on your DIEMS date

Step 3: Use the appropriate formula to calculate your retired pay

Where to validate your DIEMS

The brigade/installation Personnel Automation Section POC can correct DIEMS dates. The local finance office will correct the Defense Joint Military System. Once a Soldier's DIEMS date can be verified, the changes will be reflected on the ERB/LES.

1,000,000!
An Army Force Multiplier

By Mark E. Overberg, Director Army Retirement Services

In October, the United States Army exceeded one million Retired Soldiers! That's as many Retired Soldiers as there are Soldiers serving on active duty, in the Army National Guard, and in the Army Reserve – combined. Retired Soldiers are an Army force multiplier.

In 2012, Gen. Raymond T. Odierno, the Army Chief of Staff, created the Soldier for Life (SFL) program to instill a new mindset which proclaims that service to the nation continues after uniformed service ends. In 2015, the Director of Army Retirement Services, retired Col. John W. Radtke, coined the Retired Soldier mission statement during a conversation with Army Chief of Staff Gen. James C. McConville, then the Army G-1.

Mission: Hire & Inspire The intent of Hire & Inspire is that your mission changed when you retired. No longer are you training and deploying to fight and win our nation's wars. But you still have a duty to the nation. And the Army still needs you. So let's break down the mission statement.

Hire: We want you to mentor veterans where you live and help them get jobs. This helps veterans and their families, so they are more likely to become our ambassadors as Soldiers for Life. But this also helps the Army. The money spent on veterans' unemployment compensation can instead be spent on training and equipping today's Soldiers.

Inspire: We want you to inspire Americans in three ways. But to do this, Americans must see you as a Retired Soldier – out of your uniform. Wear the U.S. Army Retired Lapel Button and put the Soldier for Life window sticker on your car. These are conversation starters. You inspire Americans just by telling your Army stories. Stories that need to be told. Your stories make Soldiers real to Americans. Tell them what being a Soldier means to you. Tell them about the sacrifices you and your family made. Dispel their negative stereotypes about veterans. Your stories help Americans understand why we need an Army, trained and ready to defend their freedoms. We need Americans to understand the Army. Their support will ensure the Army remains a formidable foe for our adversaries and a critical partner for our allies. By continuing to set an example in your daily life, you influence Americans to see military service as a viable career for their children.

Still Serving: There are many ways you can still serve the Army. The Army's largest demographic should not be its most underutilized asset. Continue to serve. Be a Soldier for Life.
